Dear Mr. Walter/Mr. Fennel:

I wish to confirm our planned meeting for 9:00 a.m., January 21, 1992 at the Suffolk County Airport ANG facility for discussing CERCLA activities.

The NYSDEC's Federal Projects Section in Albany has assumed the State's lead for investigations of hazardous waste sites at SCAANG, and the primary reason for the meeting is to identify the departments and regulatory agencies involved. The FPS has found that the ANG, USAF, Suffolk Co., NYSDEC (two Bureaus in Region 1, two Bureaus in Albany) and the NYS Attorney General are all involved with your facility but there is no clear definition of responsibilities. I hope that such definition will be accomplished in short order at the meeting.

It would also be opportune to discuss reports, which have been submitted to NYSDEC, and plans for future CERCLA activities. The proposed agenda suggests some topics. If you wish to modify the agenda, please send your suggestions as soon as possible (Fax No. 518-457-1088).

The other regulatory offices will be advised of this meeting by copy of this letter.

I may be contacted at (518) 457-3976 if you have any questions.

Sincerely,

Marsden Chen
